# KER Learning Loop 2019-20

# Do Now

In groups of 3, **get to know each other** by discussing these questions

What do I do?

Why am I here?

What's one thing that's inspired me?

What can we learn from the most  
transformational ~~te~~adverts?

**What can we learn from  
the most transformational kids?**

## **Relief Reunite**

**Aman Vernekar  
Grade 11, Bangalore**

**A web app that uses  
Face Recognition to  
expedite the process  
of reuniting lost  
people with their  
family**

## **UMANG**

**Mahesh Janila  
Grade 11, Pune**

**Giving a platform for  
students to improve  
their interest in arts  
and at the same time  
spread social  
awareness by various  
plays and skits.**

## **Government School Exchange**

**Vibha Nadig  
Year 1 - Law, Bangalore**

**Initiating interaction  
between students in  
government and private  
schools to bridge the gap  
of resources as well as the  
social stigma attached to  
studying in government  
schools**

**Saif**  
Grade 9, Pune

**Sopheakna**  
Grade 11, Teach For  
Cambodia

**Abbas**  
Grade 10, Delhi

**Huda**  
Grade 9, Hyderabad

**Safoora**  
Grade 9, Hyderabad

**Raghavendra**  
Grade 10, Mumbai

**Anjali**  
Grade 10, Pune

**Chaitrali**  
Grade 12, Pune

**Saumya**  
Grade 10, Mumbai

**Sandhya**  
Grade 10, Delhi

**Rehan and Basit**  
Grade 8, Ahmedabad

**Hasmik**  
Grade 11, Teach For Armenia

12

**What can we learn from  
the most transformational kids?**

# What can we learn from the most **transformational kids**?

---

1

What sets  
these kids  
apart?

2

What do these  
kids have in  
common?

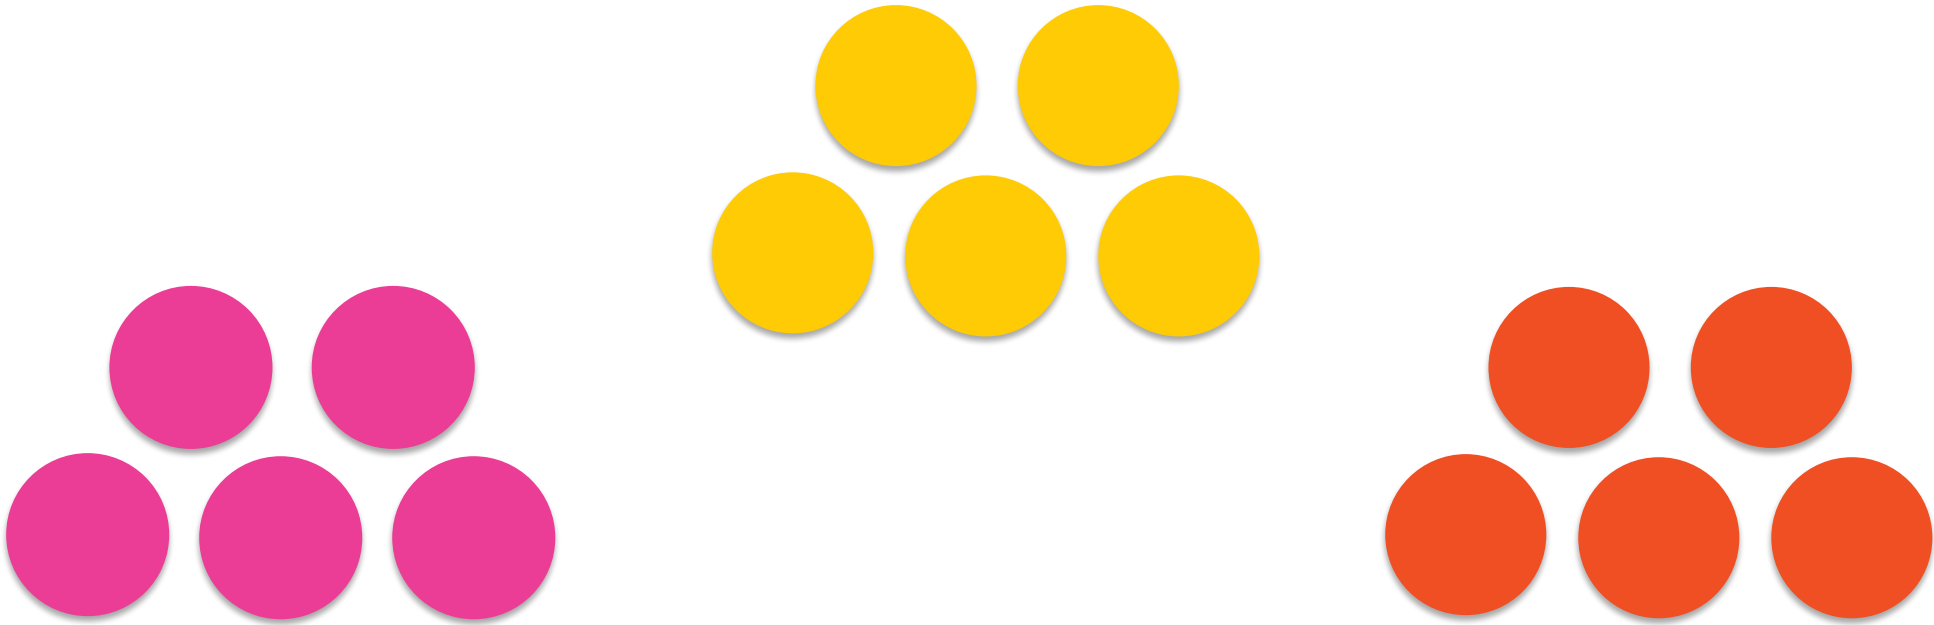

3

What makes  
their work so  
powerful?

We'll **spread these learnings** to kids across the network?

---

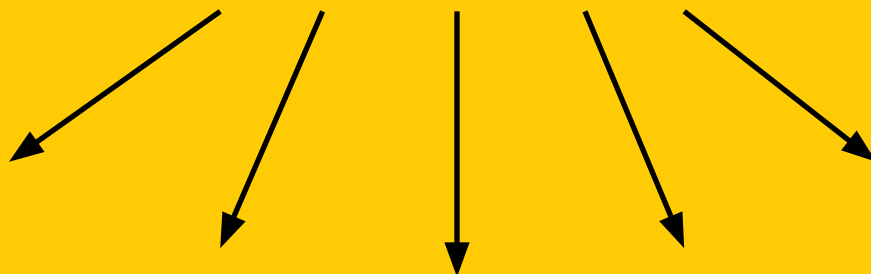

**Which of these students  
can we learn the most from?**

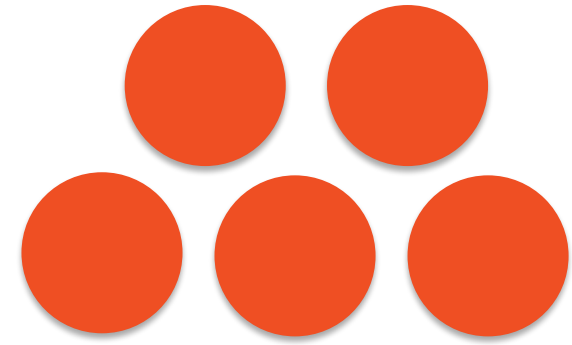

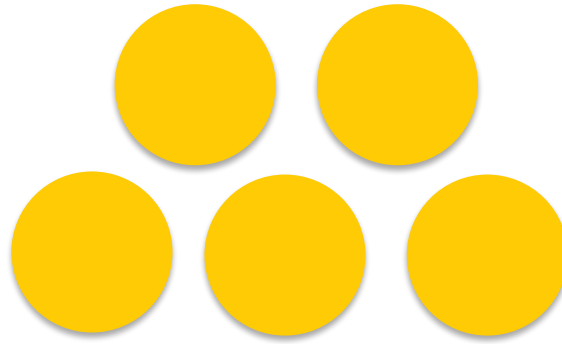

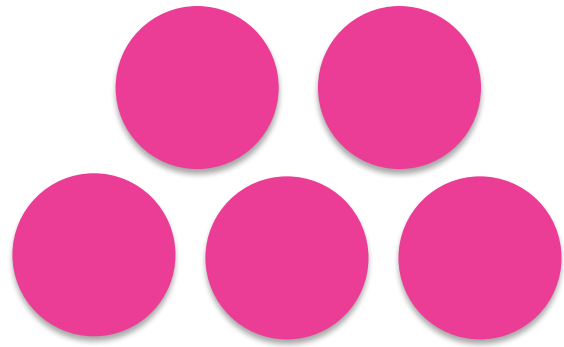

2

What can we learn from  
the most transformational kids?

**We learn**

What sets these  
kids **apart**?

What can we  
**transfer** to other  
kids?

What are the **factors** enabling their growth?

How can we foster an environment for **more students** to reimagine education?

# The 3 KER Principles

Safe spaces for  
voice

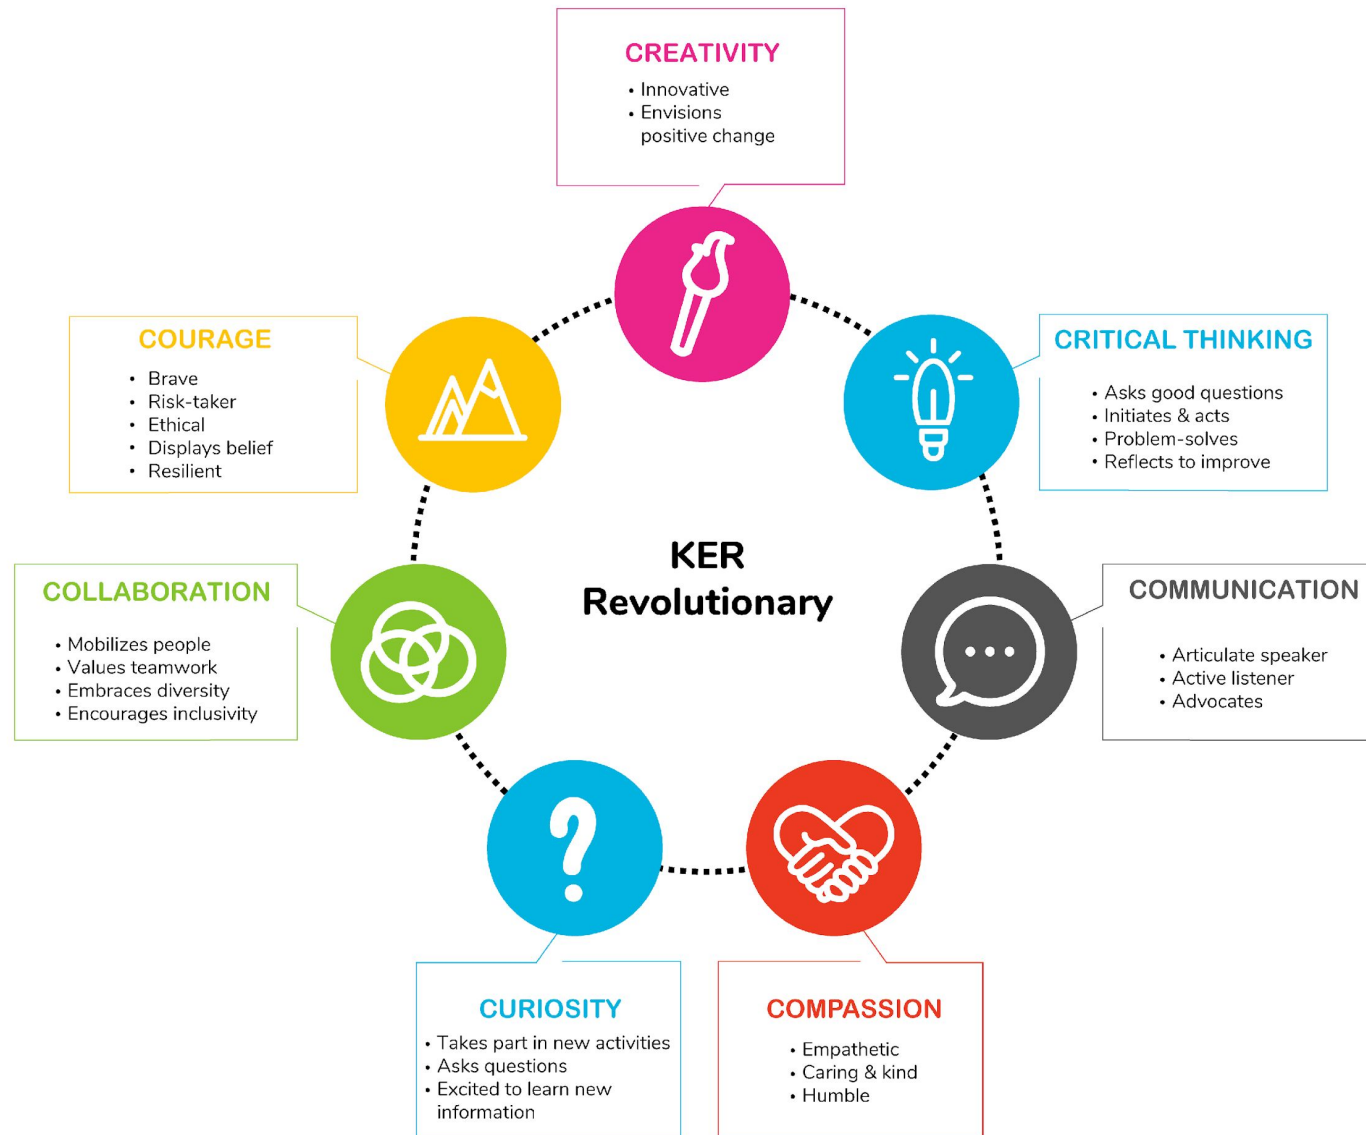

Kids and educators  
as partners

Kids as  
change-makers

# 7 Cs

# What does our day look like?

---

**How has this student reimagined education?  
What was the impact that their work had?**

**What qualities/skills do you think this student has?  
What makes them a revolutionary?  
Which of the 7Cs do you think they're  
demonstrating?**

**Based on the evidence shared, what stakeholder practices/actions and ecosystem factors do you think have led to this student's growth?**

# Group Discussion #1

Which of these kids  
most stands out?

 < 60 Minutes >

# Group Discussion #2

1. What's making these kids stand apart from the rest?
2. What is common in their 2 journeys?
3. Have you noticed any of the 3 KER Principles or 7Cs play out?
4. What factors do you think have fostered their growth?

 < 45 Minutes >

# Do Now

**Sit in groups based on your job role**

# Group Discussion #3

Taking our learnings  
back

 < 60 Minutes >

**What are the implications  
of this on our work?**

**How do we take the  
learnings back into our  
context?**

**How do we foster this in  
other kids?**

**What are the principles  
we're seeing in these  
kids?**

# Reflections and Closing

- What inspired me today and what pushed me?
- What was my biggest learning/ "Aha!" moment?
  - What questions am I leaving with?
- When I think about my own journey in education, how have I enabled or disabled a student's growth?
  - What am I committing to as I leave?

Gratitude
